Consider These Things Before You Start

Opening and operating a child care business in your home requires careful consideration and planning. Before you make your final decision, think about the following.

Do you fit the part?

Successful child care providers use the following words to describe themselves. Can you see yourself "fitting the part?"

- Energetic Providers typically work 10 hours a day with few breaks. Do you have the physical and emotional strength to keep up with children?
- Organized Child care providers inherently become experts at multi-tasking as they juggle the responsibilities of talking with parents, nurturing children, preparing nutritious meals, keeping play areas clean and organized and more.
- Committed Families depend on child care providers so they can work. Children depend on providers to care and nurture them. Do you have the ability and desire to be reliable to children and families?
- Able to communicate The number one reason families leave a provider stems from misunderstandings and a lack of communication. Providers must be willing to reach out to families to build strong relationships.

Will it impact your family?

Operating a child care business in your home may significantly impact your family. You may want to discuss the following items with your family.

- Will your children adapt to sharing their parent, toys, and home with other children?
- Will the morning drop-off rush interfere with your family's morning schedule?
- Can the family pet be integrated into the child care program?

What are the professional benefits?

Operating a licensed family child care can be personally and financially rewarding. As a licensed provider, you will

- Enjoy being your own boss
- Play a key role in your community by offering a needed service
- Support families and impact the lives of children
- Offer families peace of mind by having a regulated and inspected facility
- · Qualify for tax deductions
- Allow parents a higher Child Care Assistance reimbursement

Complete the Licensing Process

How many children can I care for?

A Family License* authorizes a child care provider to care for up to 7 children, plus two additional school-age children in their home.

How long does it take to get licensed?

Several things can impact the licensing timeline

- Your ability to complete initial paperwork
- The licenser's work load and ability to process your application
- The time you need to prepare your home for the licensing inspection

This licensing checklist will guide you through the process and help you complete the process faster and more efficiently.

Who will I work with to get licensed? Your county child care licenser

- provides a list of specific state, county and local licensing requirements you must meet.
- performs the on-site inspection of your child care business to confirm that requirements are met
- · oversees on-going compliance with regulations

Child Care Aware® of North Dakota consultants

- provide assistance and resources to help you meet licensing requirements
- help you apply and obtain start-up grants to purchase needed equipment and materials
- offer on-going assistance after you are licensed

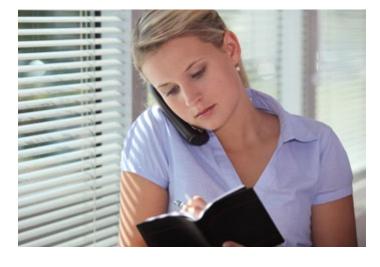

STEP ONE: Contact Your County Child Care Licenser

Your county child care licenser can help you start the application process and answer your questions.

- Does my community have additional local ordinances that regulate child care?
- Where do I go to get fingerprinted? Is there a charge? Do other people living in my home need to get fingerprinted as well?
- Do I need a fire inspection?
- Where can I get CPR and first-aid training?

Connect with the child care licenser for your area by contacting your county social services office.

ATTENTION APPLICANT

Should you, as a prospective: adoptive parent; early childhood services licensee, document holder, staff member or household member; provider for foster care facility, foster home care, kinship care or relative care; LCPA employee; or legal guardian of children, are age 18 or older and **choose to initiate a criminal history background check** through the NDDHS, Children & Family Services Division, Criminal Background Check Unit (CBCU), please review the following information and complete as directed.

The SFN 838 http://www.nd.gov/eforms/Doc/sfn00377.pdf are available as fill-able, printable e-forms and are the only forms accepted by the CBCU to initiate a criminal history background check. To eliminate the issue of illegible forms, applicants are encouraged to complete all forms by using either the fill-able, printable e-forms option (preferred method); or to complete applicant forms by typing or printing information.

Required information: SFN 838, and if applicable, a self-disclosure statement signed/dated by you, the applicant, which includes name of state(s); date(s) and explanation of incident(s) of any arrests(s), conviction(s), confinement, and/or dismissal(s) in any state, city, federal, tribal court or military process. In addition, if you, the applicant, have been the subject of child abuse/neglect report(s), you must provide an explanation of incident(s) which includes name of state(s), and date(s) of incident(s); SFN 377, and either (a): LiveScan fingerprint submission (preferred method) conducted by a trained Scanner Operator from any of the (8) Regional Human Service Centers; law enforcement personnel or other BCI-trained official; or (b) (2) inked fingerprint cards. If applicant chooses to have inked fingerprint cards rolled by law enforcement personnel or other BCI-trained official, agency contact must provide applicant with (2) program-specific blank fingerprint cards/envelope (supplied by CBCU) to bring to their fingerprinting appointment. Applicant information on fingerprint cards must be completed in black ink only. Marker/highlighter cannot be used on the fingerprint cards. To prevent instances of applicants tampering with completed inked fingerprint cards, officials rolling fingerprints will seal applicants inked fingerprint cards within envelope and affix their agency stamp or official signature to envelope/envelope flap before handing over to applicant. Applicant must return the sealed envelope to agency contact for submission to CBCU.

NOTE TO APPLICANT/AGENCY CONTACT

- Review each section of forms for legibility and accuracy in completion to prevent a delay in processing of criminal history background check. Please Note: All applicant forms will be returned unprocessed by CBCU to the initiating agency/agency contact for required action if: 1) applicant, as applicable, has self-disclosed arrest(s), conviction(s), confinement, and/or dismissal(s) in any state, city, federal, tribal court or military process or indicates they have been the subject of child abuse/neglect reports(s) but fails to provide complete information (including name of state(s); date(s) and explanation of incident(s); 2) date applicant signs forms and the date their forms are received in the CBCU is greater than 10 working days; or 3) any section of the SFN 838 and/or the SFN 377 is illegible; incomplete; or contains information inconsistent with data listed on fingerprint cards.
- Processing Fees: NDDHS pays all criminal background check related applicant fees for Early Childhood Services Programs, Foster Care (and related programs), Guardianship, or LCPA Employees. However, each prospective adoptive parent is required to submit a check/money order in the amount of \$44.50 payable to the NDDHS when requesting a fingerprint-based criminal background check or a \$15.00 per applicant fee when requesting a ND (BCI only) criminal records search. Please note: the ND (BCI only) records search is considered a sufficient applicant criminal records search only when used in conjunction with an adoption study update or an international adoption. When applicable, additional incidental fees may apply for out of state Child Protective Service Index searches and/or any drivers record checks.

Daily Schedule

Each provider must individualize the sample schedule

Welcome to our family child care home! Listed below is what your child will experience during a typical day. My philosophy is to provide a structured setting for children, so they know what to expect and feel secure. Within this structure, I allow for flexibility so that I can better meet the needs and interests of all the children.

MORNING ACTIVITIES

7:15 - 8:00	As children arrive, a variety of activities are available for them to do, such as table toys, blocks, books and story tapes. I rotate the toys every week for interest.
8:00 - 8:30	Clean up, prepare and eat breakfast, and clean up again! Each child has an opportunity to help with meal chores such as setting the table or pouring the milk.
8:30 - 9:45	Children have a choice of selecting an activity of their choice or joining in a group activity such as painting, water play or cooking.
9:45 - 10:00	Get ready to go outside: bathroom time, changing diapers, wash hands, etc.
10:00 - 11:00	Outdoor play that is a combination of free play on the swing set or sand box, and group activities such as walks in the neighborhood, a science project such as gardening or an outdoor art project.
11:00 - 1:30	Individual choice – dramatic play, blocks, board games.

LUNCH and REST

11:30 - 11:40	Clean up for lunch. Wash hands.
11:40 - 12:30	Family style lunch and conversation. Again, each child has an opportunity to help with chores. After lunch, everyone brushes teeth, uses the bathroom or diaper change, washes hands.
12:30 - 12:45	Story time. This is a time to slow down before rest time and enjoy a good book.
12:45 - 2:45	Everyone has a rest time. Preschool children who can't sleep rest quietly on their cots, looking at books for 30-40 minutes before they are allowed to get up and start a quiet activity.
2:45 - 3:00	Children wake up, put away cots, use the bathroom and wash hands.

AFTERNOON ACTIVITIES

3:00 - 3:20	Snack time.
3:20 - 4:30	Active outdoor play
4:30 – 5:30	Departure time. Children choose activities such as coloring, reading, table toys, etc., until their parents arrive. Events of the day and plans for the next day are discussed with children and parents as they leave.

Basic First Aid Kit

Prepared by the Health Consultant Team at Child Care Aware® of North Dakota

A basic first aid kit should contain the following items:

First aid supplies should be stored in a closed container, accessible to the child care provider at all times, but out of the reach of children. Using a fanny pack or backpack to carry the content of a first-aid kit may be helpful when playing outside, going on a walk or field trip, etc. The kit should be restocked after an item is used.

- We will work together to ensure that each child has the opportunity to develop to their full potential.
- We will communicate regularly about the child's physical, emotional, social, and intellectual growth. Upon request, parents will be provided progress reports on their children.
- You will keep me informed about any change in the child's schedule, routine, or home environment. I will do the same for any changes in the child care business that affect the child.

Permission to disclose that information must be granted by the parent, guardian or custodian of the children.

Correction Orders

Within three business days of the receipt of the correction order, the licensee of the early childhood facility shall notify the parent, guardian, or custodian of each child receiving care at the facility that a correction order has been issued. A child must not be subjected to physical harm, fear, or humiliation.
- Separation, when used as discipline, must be appropriate to the child's development and circumstances. The child must be in a safe, lighted, well-ventilated room within sight or hearing range of a staff member responsible for caring for or teaching children. A staff member may not isolate a child in a locked room or closet.

 the child.

- The death of a child at the facility or a child involved in a serious accident or illness requiring hospitalization while in the care of the facility or attributable to the care received in the facility must be reported within 24 hours to the county social services director.

Administering Medication

For licensing, it is only required for me to obtain written parental permission to give prescription and over-the-counter medication. In order to reduce the likelihood of a parent lawsuit, it is recommended for me to do the following: obtain written permission and instruction for giving over-the-counter and prescription medication from a health care provider and the child's parent; follow safe practices; and have liability insurance. The label of the prescription medication can serve as the written permission and instructions from the health care provider.

Sample Policies - Page 5 of 8

- I require that all medication be given to me instead of leaving the medication in a diaper bag or child's backpack.

Immunizations

You are required to keep your child current with all immunizations. Each time your child is immunized please notify me so that I can update my record of your child's immunizations in my files. According to North Dakota law, child care programs cannot refuse to provide care to unimmunized children who are otherwise eligible if they present a valid exemption from immunization requirements; therefore, there may be unimmunized children in my program. If you do not choose to immunize your child, you are required to provide me with a valid document of exemption. It is recommended for me to discuss with an attorney the liability risk for enrolling a child whose parents refuse to immunize. I am required to exclude an unimmunized child from my program in the event of an outbreak of a vaccine preventable disease for the unimmunized child's protection.

The purpose of this agreement is to make both parties aware they are entering a serious agreement, remind both parties of their obligations and spell out the consequences if the terms are broken. This agreement will be reviewed yearly. You should give a notice (length of time) of any proposed changes. Not every family and provider is a good match. The relationship should begin with a trial period at which time both parties evaluate if this is a good match.

Infant Sleep Permission Form

Prepared by the Health Consultant Team at Child Care Aware® of North Dakota

The American Academy of Pediatrics recommends keeping soft objects and loose bedding (including blankets) out of the crib/playpen to reduce the risk of SIDS, suffocation, entrapment, and strangulation for infants under the age of 12 months. The AAP recommends the use of pacifiers for sleep. Studies have reported a protective effect of pacifiers on the incidence of SIDS. The pacifier is not recommended to be attached to the infant's clothing or to a stuffed animal/toy. The pacifier should be checked for tears before each use.

Effective January 1, 2013, ND Child Care Licensing Regulations state:

With written parental permission, the provider may place one individual infant blanket or sleep sack, a pacifier, and a security item that does not pose a risk of suffocation to the infant in the crib or portable crib while the infant is sleeping or preparing to sleep.
